OPPORTUNITIES

In today's fast-paced job market, AI-driven skills are in high demand, yet many talented individuals lack access to the knowledge needed to leverage these powerful tools. [This program](#) enables individuals to confidently use tools like ChatGPT Enterprise and Azure CoPilots across various roles, opening up new career opportunities and ensuring they can contribute meaningfully in modern workplaces.

Join Lynne Hugill from Teesside University as she explores the [world of fashion and fashion communication](#). The insight provides four sessions which cover;

- The relationship between fashion and identity.
- The specifics of sustainability in fashion and poses the question: is fashion destroying our planet?
- How technology has made a mark on the industry
- Why promoting sustainability is vital for the fashion designers of tomorrow

Lynne also offers some guidance of where the fashion industry is going, and tells you how you can prepare for the future of the industry.

Join Iyi Ogiehor as he explores the [dynamic world of modern banking and finance](#). He begins by introducing you to what banking and finance actually are, why it is important to study them together, and the current trends shaping modern banking and finance. Iyi then takes a deep dive into digital banking, exploring what it is, how it has developed and the key technologies that enable it. He also considers the impacts - both good and bad - of digital banking, and the role of regulation in this area. He then turns the focus to globalised finance, exploring how globalisation shapes banking and finance today, where it originates from, and the core principles that underpin it.
